Thanks, I am specifically referring to the partner information as yesterday CT asked for more details and I noted 2 per state but not the additional info which we should proactively share with the states.

**Subject:** Talking Points: National Leadership Summit on PFAS

Good Afternoon,

Please see the below message from Christina Wadlington (Summit POC).

Good Afternoon,

The following is provided as talking points in case you are receiving inquiries regarding the summit.

#### **Response To Summit Invitations**

NOTE: If desired, EPA personnel can also forward any inquiries to [safewater@epa.gov](mailto:safewater@epa.gov). OGWDW will review all emails and respond accordingly.

#### **PARTNER INFORMATION**

- EPA invited each territory/tribe/state governor to send 1-2 representatives to attend. EPA requests that each territory/tribe/state coordinate internally to identify their attendees and send their names to: [safewater@epa.gov](mailto:safewater@epa.gov)
- EPA also invited federal partners to send 1-2 representative from their organizations. EPA requests that each organization coordinate internally to identify their attendees and send their names to: [safewater@epa.gov](mailto:safewater@epa.gov) \*the list of invited federal partners is provided below.
- At this time, EPA does not intend to fund travel.

#### **GENERAL PUBLIC/STAKEHOLDERS WITHOUT INVITATION**

- EPA appreciates your interest in this important issue and values your input.
- EPA is convening this leadership summit to coordinate with our state and federal partners and national organizations to identify the most critical needs they have in addressing PFAS contamination and to identify the tools we can provide them to better protect public health.

- Because space will be limited at the summit, EPA has limited the invitation to federal partners, states, territories, tribes and representatives from national organizations.
- EPA, however, will be posting relevant meeting materials online as they become available.
- We appreciate your thoughts and suggestions on how EPA can best help states and communities facing this issue.
- We will consider your organization's interest as we plan our next steps.
- To provide your thoughts or for follow up questions, please email: [safewater@epa.gov](mailto:safewater@epa.gov)
